

## 100% Online Self Paced Certification

---

*Personally, I love how Animal Bowen Therapy translates online!*

*This course is chalked full of detailed videos  
that you can watch over and over!*

*I get to connect with you one on one,  
giving you exactly what you need when you need it!*

*...and I especially love that I can offer this incredible therapy  
where ever you are on this beautiful planet!*

*~ Debi Famelos.*

*Your Animal BowenTherapy Instructor*

*I am forever grateful to Debi for offering this course and the support she provides. I did the  
online version and love the opportunity that I can look back and review the moves. I have  
learned so much and really enjoyed the assignments. Debi has been available for guidance  
and support at all times.*

*~Joan from Canada*

# EASY AS 1,2,3....

....and it all begins with the amazing Response5 Course!

- **Step 1** ~ Sign on to Response5 [www.response5.com](http://www.response5.com)
- This is where the fun begins!
- Response5 is your Introductory Course and the place where you begin to hone the skills of Animal Bowen Therapy.
- This is an easy to learn and easy to apply technique, that will have you practicing with animals within just a few days!
- **Response5 has been received in 21 countries and is the #1 taught course at the Canine Bowen Institute.**
- 3 case studies are required to move onto Step 2.
- **All the details and case study forms are included with Response5.**
- **BONUS MATERIAL IS GIFTED UPON COMPLETION!**

- With your 3 case studies completed from Response5 you are now ready for Whole Body Balance!
- You're now expanding the 5 steps of Response5 into a full Animal Bowen Therapy session of 15 steps. (called "Moves" in Bowen)
- Detailed videos and audios easily walk you through each Move.
- **Together we dive deeper into assessing the mobility of the Canine and solidify your leadership skills to successfully team up with an animal.**
- An expansive **Library of Knowledge** adds to your learning!
- ...and of course one on one communication with your Instructor is offered!
- 4 case studies and 4 written assignments brings you to Step 3!

- **This is your graduating Level!**
- Once completed you will be certified by the Canine Bowen Institute as an Animal Bowen Therapy Practitioner.
- It's at this level that you really dig deep into the added tools of Animal Bowen Therapy to resolve the "tough cases"
- **Together we ensure that you are ready and confident to step into the world as an Animal Bowen Therapy Practitioner!**
- An expansive **Library of Knowledge** adds to your learning!
- As always a detailed manual and one on one communication with your Instructor is included.
- **3 final case studies completes your learning!**

## **Elin from Estonia**

The structure of the Responses 5 and the subsequent Levels maintains the high standard of valuable information and is logical and easy to follow.

Level 2 builds easily and well to the earlier stages of learning. Training videos are clearly presented and well demonstrated and manuals extremely helpful.

After completion of the Responses and the Levels 1,2 it is amazing just how much I have learned in these courses.

Not only the moves but the background of various breeds, most commonly occurring diseases, behaviour, anatomy esp bone and muscle structure.

The practise sessions showed how different the dogs even of the same breed can feel when doing the hands-on assessment.

## **Marco from Italy**

When I treat animals with this therapy, I feel comfortable giving something unique and special, which will always bring the animal into a self-healing state.

It's wonderful to see how the power of the body can heal itself!

## **Florence from Greece**

I've been wanting to learn Bowen for animals ever since I finished the human course in 2004,  
so you can imagine how happy I am to be able to do that now!

Planning to be the first certified Animal Bowen Therapy Practitioner in Greece and thanks to you I'm on my way!!

## Canine Bowen Institute

The Canine Bowen Institute (CBI) was founded in Ontario Canada in 2013.

Since its inception, the CBI has offered its training of Animal Bowen Therapy to like minded people just like you, whose aim is to expand their lives in a meaningful way while simultaneously restoring the health and mobility of animals

With pure passion and intention to share this incredible modality with the world, Debi Famelos graciously devotes her time, skills and ultimately her life's purpose to ensure high quality certification to each and every student.

Debi has operated her Animal Bowen Therapy Practice in her home town of St.Catharines for the past 10 years.  
She states:

"My Practice functions as both a thriving community business as well as a continuous "school of learning" to share with my students.

"Each year brings new excitement and expanded training!"

I'm so excited to share  
this incredible journey  
with you!
