

# Notification of Personal Duty

While Animal Bowen Therapy is effective in addressing problems presented in the dog by creating balance through the canine system, it is not diagnostic and it does not repute to treat medical conditions.

Debi Famelos of Canine Bowen Institute Inc., the Instructor of this course is in no way to be held responsible or liable for any persons using this material from the Level 1 course, in a professional or non professional capacity.

This Level 1 course is to be used on your own animals or with permission on other animals without receiving payment.

Students at this level are NOT qualified to be an Animal Bowen Therapy Practitioner.

A Veterinarian must always be notified in case of an emergency.
